3.16 IntraLATA Message Telecommunications Service (MTS)**3.16.1 Description**

IntraLATA MTS service is furnished for communication between telephones in different local calling areas within a particular LATA in accordance with the regulations and schedules of charges specified in this Tariff. The MTS service charges specified in this Section are in payment for all service furnished between the calling and called telephone, except as otherwise provided in this Tariff.

IntraLATA MTS calling includes the following types of calls: direct dialed, calling card, collect, 3rd number billed, special MTS billing, person to person calling and other station to station calls.

3.16.2 Classes of Calls

Service is offered as two classes: station to station calling and person to person calling.

- A. **Station to Station Service** is that service where the person originating the call dials the telephone number desired or gives the Company operator the telephone number of the desired telephone station or system.
- B. **Person to Person Service** is that service where the person originating the call specifies to the Company operator a particular person to be reached, a particular mobile unit to be reached, or a particular station, department or office to be reached. The call remains a person to person call when, after the telephone, mobile telephone, or PBX system has been reached and while the connection remains established, the person originating the call requests or agrees to talk to any person other than the person specified, or to any other agreed upon alternate.
